

MASS INCARCERATION

AN ANIMATED SERIES

Join Champaign County ACLU in a viewing of three animated shorts that tell the moving real life stories of people in our criminal justice system. These shorts have been shown across the country as part of the ACLU's Smart Justice Campaign.

The screenings will be followed by an important conversation on reforming the criminal justice system, featuring Lavette Mayes whose story is told in one of the films. She will be joined on the panel by local criminal justice advocates. Ben Ruddell of the ACLU of Illinois will moderate. This event is free and open to the public.
