In response to events locally and across the nation, the Urbana Police Department is updating their Use of Force Policy. As part of the policy revision, City leadership wants to hear from residents about what they would like to see in the new policy.

Suggestions for policy changes may be submitted until November 20 at
UseofForcePolicy@urbanaininois.us

Please visit the Use of Force Revision web page for background material and more information.

" The risks are high for both citizens and officers when uses of force occur, so it is vital for us to get community feedback on this topic. Trust is an essential component of community policing and our transparency about how and when officers use force can help build this trust."
